RESOLUTION APPROVING A SERVICE CONTRACT WITH PIPE AND PLANT SOLUTIONS INC., IN THE AMOUNT OF 3,947,309, FOR THE 2015 CCTV INSPECTION AND CLEANING SERVICES FOR THE SANITARY PIPELINES PROJECT AND ADOPTING A BUDGET AMENDMENT FOR MUNICIPAL UTILITIES WASTEWATER APPROPRIATION FROM FUND BALANCE AND OPERATIONS

On July 28, 2009, City Council adopted Resolution 09-0248 approving a Settlement Agreement that resolved litigation between the California Sportfishing Protection Alliance and the City of Stockton; and

The Consent Decree was established to ensure that the City uses, implements, and improves ways, means, and methods to prevent sanitary sewer overflows; and

A major component of the Consent Decree mandates that the City complete by December 31, 2015, a one-time closed circuit television (CCTV) inspection of all sanitary sewer pipelines between 6” and 72” in diameter in order to assess the condition, rehabilitation, and replacement of its pipes; and

It is recommended that the City Council authorize the City Manager to execute a service contract with Pipe and Plant Solutions Inc., in the amount of $3,947,309, for the CCTV Inspection and Cleaning Services for the Sanitary Pipelines Project; and

A budget appropriation from Wastewater collections’ operations and available fund balance is needed to support the contract services costs; now, therefore,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF STOCKTON, AS FOLLOWS:

1. The City Council approves a service contract with Pipe and Plant Solutions Inc., in the amount of $3,947,309, for the CCTV Inspection and Cleaning Services for the Sanitary Pipelines Project, in substantially the same form as Exhibit 1 attached hereto.
