Executive Summary
A Construction Contract for On-Call Asphalt Paving, Traffic Striping, and Other Related Services was awarded conditionally to Sully-Miller Contracting Company on June 30, 2016. The contract term will end on March 10, 2019. Staff is recommending an additional three-month contract extension.

Key Points
- This contract covers asphalt paving and traffic striping throughout the Port.
- The current contract expires on March 10, 2019.
- Staff is recommending a three-month extension to minimize the gap for these services while a new contract is procured, which is currently underway.

Recommendation
It is recommended that the Board of Harbor Commissioners under Specification HD-S2543, On-Call Asphalt Paving, Traffic Striping, and Other Related Services authorize the Second Amendment to Contract HD-8657A extending the Contract Time by 3 months to June 10, 2019.

Financial Impact
All work performed under this contract is funded from previously approved, specific project funds. The contractor is paid only for work performed. The original contract value was $4,488,350.20. Four change orders have been issued for a total amount of $314,501.04, which represents 7.01% of the original contract amount. So far, the contractor has been paid $1,852,746.52 out of a current contract value of $4,802,851.24. The contractor has agreed to hold their prices for the proposed additional three-month contract extension.

Background
On June 30, 2016, the Board of Harbor Commissioners conditionally awarded contract HD-8657 to Sully-Miller Contracting Company in the amount of $4,488,350.20 for On-Call Asphalt Paving, Traffic Striping, and Other Related Services. The work under this contract is to provide asphalt paving services on an on-call basis at various locations throughout the Port. This is accomplished by soliciting bids for unit prices on a wide variety of asphalt paving materials, traffic striping, terminal pavement markings, and other related services. The Notice to Proceed was issued effective August 22, 2016, with a required completion date of August 21, 2018. On
September 10, 2018, the Board of Harbor Commissioners approved the First Amendment to the contract, extending the contract time by approximately six months to March 10, 2019 and revising the rates for ten Bid Items associated with asphalt paving.

**Detailed Discussion of Current Issues**

The new On-Call Asphalt Paving, Traffic Striping, and Other Related Services is not expected to be in place before March 10, 2019 due to the necessity to re-bid new contract. Staff recommends an additional three-month extension to this existing contract to prevent the potential delay to complete the striping work for the operational closure of the 9th Street At-Grade Crossing, and also to cover the potential future work that would need to be completed before a new contract is in place.
