REGULAR CALENDAR

- 12 [15-0707](#) Adopt an ordinance amending Chapter 2.2 of the Solano County Code to add section 2.2-70 relating to the use of noise making devices for crop protection in the unincorporated areas of the county

Attachments: [A - Ordinance](#)
 [Ordinance 2015-1761](#)

Supervisor Thomson commented on public input regarding the proposed ordinance, noting that he had been contacted by some residents with concerns. He then commented that the ordinance should be adopted and then revised back to the Agricultural Grievance Committee to address further concerns by residents.

Chairwoman Hannigan invited members of the public to address the Board on this matter and the following comments were received:

A) Gina Greenwood-Meinert, Fairfield, commented on the use of bird cannons near Rancho Solano and requested that the ordinance be strengthened.

B) Scott Greenwood-Meinert, Fairfield, commented on the proposed ordinance, incessant use of bird cannons and strengthening the ordinance.

Agricultural Commissioner Jim Allan provided the Board with information on the purpose of the ordinance and use of the bird cannons by farmers. He then noted that without the ordinance, there would be no tool in place to regulate the use of the cannons.

Chairwoman Hannigan asked if the public was involved in the creation of the ordinance.

Mr. Allan noted that the ordinance was created by reviewing other ordinances from similar counties and input from the Agricultural Advisory Committee.

Chairwoman Hannigan asked if the cannon operator in question had been asked to reduce or move the cannons.

Mr. Allan noted that despite communications with the operator by his office and the Sheriff's Office, the cannons were still being fired at night.

Supervisor Thomson noted again that the ordinance should be adopted and then revisited by staff and amended based on concerns by residents.

In response to questions from Supervisor Seifert, Mr. Allan noted that he had reviewed a number of studies relating to the issue of pest management. He also commented on the use of the cannons and noted that the issue in this case was that the cannons were currently running all night long when the type of birds that eat grapes were not awake.

Supervisor Seifert commented on the public's concerns about the cannons being fired all day long and the possibility that the ordinance would increase the use of cannons during the day.

Mr. Allan commented on the use of cannons, noting that they have been used for a long time. He also noted that the complaints to his office were about cannon fire during the night and that he did not believe that the use of cannons would be increased during the day hours as a result of the ordinance.

In response to a question from Supervisor Seifert, Mr. Allan noted that further revisions to the use of the cannons could be revisited, however he recommended that the ordinance be adopted now to address the night use complaints.

Supervisor Seifert commented on the need to include the public in the process of creating an ordinance.

County Administrator Birgitta Corsello commented on the ordinance process noting that it was a public process through the Agricultural Advisory and a public hearing by the Board of Supervisors.

Supervisor Thomson commented on public hearings. He then made a motion to pass the ordinance and requested that it be looked at further by the Agricultural Commissioner and Agricultural Advisory Committee to address areas of concerns by the public.

Chairwoman Hannigan commented on a concern by the public regarding the hours of operation.

Mr. Allan noted that the ordinance allowed for cannon operation to begin a half hour before sunrise.

County Counsel Dennis Bunting commented on the use of bird canons, noting that the ordinance applied to all agriculture crops.

In response to a question from Chairwoman Hannigan, Mr. Allan recommended that the ordinance be in place now and that any amendment to the ordinance be effective before the birds could begin eating the new crop of grapes next year.

Supervisor Sperring asked if cities notified residents about the farm noises and operations.

Mr. Allan commented that recorded deeds and tax bills sent out to residents contained a copy of the Right to Farm ordinance.

On motion of Supervisor Thomson, seconded by Supervisor Vasquez, the Board adopted Ordinance 2015-1761 amending Chapter 2.2 of the Solano County Code relating to noise making devices. So ordered by 5-0 vote.

Enactment No: Ordinance 2015 - 1761

24 [15-0743](#) Receive a verbal update on the status of the Solano360 Project

Senior Management Analyst James Bezek provided the Board with a verbal update on the status of the Solano360 Project including work completed on the parking lot improvements, environmental and jurisdictional permitting strategy activities, Exclusive Right to Negotiate progress with Solano Community Development (SCD) and Solano360 Implementation Committee meetings. He noted that they would return to the Board in October for a quarterly update.

Supervisor Spering asked if the market study would be shared with the Board.

Assistant County Administrator Nancy Huston commented on current activities and noted that they would be encouraging that the market study be shared.

Supervisor Seifert commented on a recent newspaper article with information on the proposed development and asked for clarification on what was presented.

Ms. Huston noted that the information in the article was the same information presented to the Board previously.

Supervisor Seifert asked when more information would be coming forward regarding the recommendation or plan.

Ms. Huston noted that more information had been promised by SDC at the end of August.

Chairwoman Hannigan asked if the market study would be finished by that time.

Municipal Resource Group representative Tom Sinclair noted that they would in communication with SCD this week regarding progress on the market study. He also commented on the recent newspaper article.

Chairwoman Hannigan invited members of the public to address the Board on this matter and the following comments were received:

A) George Guynn, Jr., Suisun City, commented on the marketing plan.
