THROUGH EVERY EVENT AND INITIATIVE, OUR MARKETING EFFORTS PROMOTE NOT ONLY THE ART CLUB OF MCKINNEY, BUT ALSO THE CITY OF MCKINNEY, CITY BUSINESSES, OUR COMMUNITY PARTNERS, SPONSORS, AND SUPPORTERS—**AMPLIFYING THE IMPACT OF EVERY INVESTMENT MADE IN THE ARTS AND PROMOTING MCKINNEY.**

REASON FOR FUNDING REQUEST ...

As I begin my first year as President of the Art Club of McKinney, I bring more than **40 years of leadership and management experience**, to the position, including 30 years in art education. For the last ten years, I served as the art education program director and professor at two major universities, where I managed budgets, oversaw state licensing and accreditation, conducted research, wrote grants, published extensively, co-directed a documentary film, and led workshops and presentations throughout the United States and internationally.

These experiences have prepared me well to lead the Art Club of McKinney as it enters an **exciting period of even more growth**. I am fortunate to follow a highly successful president and treasurer who guided the organization over the past three years and left it in excellent financial and administrative condition.

As we look ahead, our focus is on **elevating, expanding, and educating** on the impact of the visual arts in McKinney and beyond. We are committed to maintaining **financial sustainability through earned revenue, local partnerships, and grant funding** while continuing to offer a balance of **free, low cost, and premium-service community programs** that ensure the arts are accessible to all.

The Art Club of McKinney benefits from an **extraordinary pool of talented artists, volunteers, and leaders**. With grant support, we can **significantly expand our contribution to the city's cultural landscape and tourism efforts**. In the coming year, we will launch a series of **strategically planned new events designed to engage residents, attract visitors, and strengthen McKinney's reputation as a vibrant arts, shopping, tourist, and events destination**. The strong digital presence that we maintain will assist with this and the funding of this grant will allow us to do so more fully.

GLOBAL STAGE DOCUMENTARY FILM

McKinney Creates: The Story of Art, Artists, and Community

McKinney could be seen on a global stage with the production of our proposed full length documentary. Dr. Harlow has been involved in all phases of production of another documentary and companion book.

It is time for the visual arts in McKinney to GO GLOBAL!

INSTAGRAM COACHING, ARTIST MARKETING, ART STYLING,

We are currently in the process of making plans to bring Dionne Woods and Lori Seibert to McKinney in the spring of 2027. This marketing workshop for visual artists and others will receive national publicity and will attract visual artists from all over the United States and even potentially international artists. Attendance will be limited to 50 artists or others from creative fields. This will be a three day workshop. With 133,000 and 79,000 Instagram followers, Lori and Dionne are accomplished artists who are also skilled instructors and highly generous in teaching other artists how to maximize Instagram and other social media apps. The workshop will include Instagram technique, photography and video styling, and marketing. This is a very unique opportunity for the Art Club of McKinney and McKinney.
