Please provide a detailed narrative about your organization including years established, mission, goals, scope of services, staff, successes, contribution to community, etc.

The Harvest Seed Project Foundation (doing business as the Seed Project Foundation), was formed in 2015. The mission of the Seed Project Foundation is to fund educational, agricultural, and community initiatives that support sustainability through our donation farm, McKinney Roots. At the same time, we strive to help reduce hunger by improving food access for the food insecure in Collin County. In the first five years, we implemented the Symposium Program providing educational programs and collaboration for local farmers and chefs and established the Farm Crisis Fund to provide disaster relief for local farmers. In 2017, our largest initiative, McKinney Roots, was founded to improve food access. It consisted of a few small, raised beds and has grown into a 5-acre farm including a hydroponics greenhouse, and large chicken coop. Today, McKinney Roots plays an essential part in combating hunger by supplying local non-profits, churches, and schools with fresh organic produce which is distributed to the food insecure in Collin County. In 2023, in partnership with the McKinney Independent School District (MISD) Curriculum Department, we developed a two-

step program that supplements classroom instruction on topics such as plant life cycles, nutrition, and agriculture for every 2nd Grade student in McKinney.

We are excited about our move to Gray Branch Park, a forty-five-acre park thanks to a visionary collaboration with the City of McKinney and Parks Department. The expanded operation will include an innovatively planted production garden with 21 varieties of organic fruits and vegetables, a larger greenhouse to double our current output, a learning garden that is wheelchair accessible, twice the current flock of chickens, a 200 tree fruit orchard, a community center, while maintaining the 4.5 miles of existing hike and bike trails.

Our current staff includes an Executive Director, a full-time Farm Director, two part-time farmers, and over 500 volunteers annually.

Last year at our current location we produced 8,000 dozen eggs, 15,000 heads of lettuce from our hydroponics greenhouse, 15 tons of fresh fruit and vegetables, and 15 gallons of honey from our bee hives. 100% of what was produced was donated to the food insecure in Collin County.

Overall Project Goals

The move to Gray Branch Park allows the Harvest Seed Project Foundation to increase our output from McKinney Roots by doubling our hydroponics greenhouse production, adding a 200-tree fruit orchard, doubling our chicken flock, and expanding production in our garden. Expand our reach to more of the food insecure population in McKinney due to the increase in our production volume. We will be able to provide more educational opportunities through the use of our learning garden and added community center where we will be able to give gardening, cooking, and nutrition classes. This project will greatly enhance our community involvement through the location being a regularly visited parkland. In addition, the McKinney Roots move to Gray Branch Park includes a 10-year lease with a 5-year option with the City of McKinney which provides long-term physical location security. This allows us to make long-term plans and apply for larger grants because of the extended lease period.

Projected impact on McKinney's economy and quality of life

McKinney Roots move to Gray Branch Parkland – City of McKinney

Overview

This document outlines the estimated economic impact of establishing McKinney Roots at Gray Branch Park in McKinney. The farm will produce and distribute organic food directly to the community, including:

- 30 tons (60,000 lbs) of organic produce annually
- 30,000 heads of organic lettuce
- 16,000 dozen eggs (192,000 eggs)

The analysis evaluates the farm's impact across three key areas: direct food value, household economic relief, and broader local economic effects.

1. Direct Market Value of Food Production

The total annual value of food produced is estimated using conservative retail pricing benchmarks.

Estimated Values:

- **Produce (60,000 lbs)**
Average value: ~\$2.75 per lb
→ Estimated value: ~**\$165,000**
- **Lettuce (30,000 heads)**
Average value: ~\$3.00 per head
→ Estimated value: **\$90,000**
- **Eggs (16,000 dozen)**
Average value: ~\$4.50 per dozen
→ Estimated value: **\$72,000**

Total Direct Food Value: Approximately \$327,000 annually

2. Household Economic Impact

Food distributed through McKinney Roots provides significant financial relief to households, particularly those experiencing food insecurity.

Key Estimates:

- 60,000 lbs. of produce equates to approximately **50,000 meals**
- Egg production provides an additional **high-quality protein source across thousands of servings**

Household Reach:

- Estimated **350 households served weekly**

Economic Relief:

- Average annual food assistance value per household: **\$930**

Total Household Benefit:

Approximately \$327,000 annually

This relief allows families to redirect limited income toward:

- Housing and utilities
- Healthcare and medications
- Transportation and employment needs

3. Broader Local Economic Impact

Beyond direct food value, McKinney Roots produce generates secondary economic benefits throughout the local economy.

Multiplier Effect:

Food assistance programs typically produce a **3x to 7x economic multiplier**, due to:

- Increased local spending from household savings
- Reduced strain on emergency services
- Improved public health outcomes
- Reallocation of nonprofit resources

Estimated Total Economic Activity:

- Direct value: **~\$327,000**
- Multiplied impact:
\$981,000 to \$2,289,000+ annually

4. Strategic Benefits for McKinney

Establishing McKinney Roots at Gray Branch Park will contribute to long-term community resilience and sustainability.

Community Benefits:

- Strengthens local food security systems
- Enhances emergency preparedness during economic or supply disruptions
- Supports nonprofit and food distribution networks

Economic & Social Benefits:

- Improves workforce stability by reducing food insecurity
- Provides educational opportunities in agriculture and sustainability
- Encourages volunteerism and community engagement

Environmental Benefits:

- Promotes local food production
- Reduces transportation-related emissions
- Minimizes food waste

Conclusion

McKinney Roots at Gray Branch Park will deliver substantial economic and social value:

- **\$327,000** in direct food production value
- **\$981,000 to \$2,289,000** in broader economic impact

This initiative represents a high-impact, community-centered investment that strengthens economic resilience, improves public health, and enhances quality of life across McKinney and Collin County.

The policy shall include coverage for premises operation, independent contractors, products/completed operations, personal and advertising injury, contractual liability, fire legal liability and medical payments expense. A **ONE HUNDRED THOUSAND DOLLARS (\$100,000.00)** limit for fire legal liability is required.

(c) Property, Fire and Extended Coverage Insurance covering the Improvements presently existing on, or hereafter constructed on the Licensed Premises or off the Licensed Premises in accordance with this License, against loss or damage by fire, windstorm, hail, tornado, explosion, water, lightening, rain, sleet, snow, sprinkler leakage, riots, civil commotion, vandalism, malicious mischief and aircraft/vehicle damage. This type of insurance shall be carried with a company or companies satisfactory to LICENSOR and in an amount of coverage not less than replacement cost of the Improvements and the policy or policies of insurance shall be issued to the LICENSEE and LICENSOR, as their interests may appear.

(d) The City of McKinney shall be named as an additional insured on all policies.

(e) The insurance policies shall be written on an "occurrence" basis.

(f) The insurance policies shall waive subrogation rights for loss or damage so that insurers have no right to recovery or subrogation against LICENSOR, its officials, officers, agents and employees, in both their public and private capacities, and provide that each policy is primary and non-contributory with the LICENSOR'S insurance, except as to the LICENSOR's Responsibilities, it being the intention that the required insurance policies shall protect all parties to the License and be primary coverage for all losses covered by the policies.

(g) Certificates of Insurance and endorsements effecting coverage required by this clause shall be forwarded to:

City of McKinney
Attention: City Manager
401 E. Virginia
McKinney, Texas 75069

(h) LICENSEE shall be responsible for the contents of the Improvements (other than items stored by LICENSOR) and shall procure insurance for such in an amount of coverage not less than replacement cost of such contents.

(i) LICENSOR reserves the right to review the insurance requirements of this section during the Initial Term of the License, and any extensions thereof, and to adjust insurance coverages and their limits when deemed necessary by LICENSOR based upon changes in statutory law, court decisions or the claims history of the industry as well as of LICENSEE. LICENSOR agrees that in the event such adjustment is required, LICENSEE shall be given sixty (60) days to obtain such coverage.

VIII. DESTRUCTION OF LICENSED PREMISES

Section 8.01 DAMAGE TO BUILDING. In the event of damage to the Improvements, LICENSEE shall immediately notify LICENSOR of the nature and extent of such damage. In the event of damage or destruction to the Improvements, LICENSOR shall have no obligation or duty to repair, rebuild or reconstruct the Improvements or any fixtures, equipment or other personal property installed by LICENSEE.

Section 8.02 INSURANCE PROCEEDS. All proceeds of the insurance contemplated by the provisions of this License payable by reason of any loss or damage to the Licensed Premises, or any portion thereof shall be paid to LICENSEE and utilized by LICENSEE solely for reconstruction or repair, as the case may be, of any damage to or destruction of the Licensed Premises or any portion thereof. Any excess proceeds of insurance remaining after the completion of the restoration or reconstruction of the Licensed Premises shall be paid to LICENSEE. If LICENSEE elects not to repair and restore, and the License is terminated as described in Section 8.03, all such insurance proceeds shall be allocated to LICENSOR.

Section 8.03 RECONSTRUCTION OF THE LICENSED PREMISES.

(a) If during the Initial Term of this License, or any extension thereof, the Licensed Premises is totally or partially destroyed by a risk covered by the insurance described in this License (herein called "**An Insured Risk**") and the Licensed Premises thereby is rendered unsuitable in LICENSEE'S reasonable opinion for its intended use, this License shall terminate as of the date of the casualty and neither LICENSOR nor LICENSEE shall have any further liability hereunder except for any liabilities which have arisen prior to or which survive such termination, and all insurance proceeds shall be allocated to LICENSOR, except as described below. If LICENSEE elects to terminate this License because of partial or total destruction of the Licensed Premises, LICENSEE shall clean up and scrape Improvements, including removal of slab if required by LICENSOR. LICENSOR shall pay LICENSEE for any reasonable costs to clean up and scrape the improvements but only to the extent it receives insurance proceeds for the loss. Any excess insurance proceeds remaining after such cleanup costs shall remain the property of LICENSEE.

(b) If during the Term of this License, or any extension thereof, the Licensed Premises is partially destroyed by An Insured Risk, but the Licensed Premises is not thereby rendered unsuitable for LICENSEE's use, or is totally destroyed by An Insured Risk, but LICENSEE desires to reconstruct the Licensed Premises, LICENSEE shall, to the extent of available insurance proceeds, restore the Licensed Premises to substantially the same condition as existed immediately before the damage or destruction and otherwise in accordance with the terms of the License, and this License shall not terminate as a result of such damage or destruction. LICENSEE shall utilize the available insurance proceeds to pay the reasonable costs of such restoration. Any excess proceeds remaining after such restoration shall be allocated to LICENSEE.

(c) If the Licensed Premises are to be restored in accordance with the provisions of Section 8.03(b) and if the cost of the repair or restoration exceeds the amount of proceeds received by LICENSEE from the insurance required under this License, or in the event the Licensed Premises is totally or materially damaged or destroyed by a risk not covered by the insurance described in this License, LICENSEE at its option shall either, (a) at LICENSEE's sole cost and expense, restore the Licensed Premises to substantially the same condition it was in immediately before such damage or destruction and this License shall not terminate as a result of such damage or destruction, or (b) terminate the License and neither LICENSOR nor LICENSEE shall have any further liability hereunder except for any liabilities which have arisen or occurred prior to such termination and those which expressly survive termination of this License. If the Licensed Premises are restored, LICENSEE shall utilize the available insurance proceeds to pay the reasonable costs of such restoration. Any excess proceeds remaining after such restoration or any available proceeds which are not used by LICENSEE shall be allocated to LICENSEE. If the License is terminated, the insurance proceeds shall be payable to the LICENSOR. If LICENSEE elects to terminate this License under this section, LICENSEE shall clean up and scrape Improvements, including removal of the slab if required by LICENSOR and return the Licensed Premises in a good and clean condition, normal wear and tear excepted, within a reasonable time after termination of the License. LICENSOR shall pay LICENSEE for any reasonable costs to clean up and scrape the improvements but only to the extent it receives insurance proceeds for the loss. Any excess insurance proceeds remaining after such cleanup costs shall remain the property of LICENSEE.

Section 8.04 RELEASE OF LICENSOR. LICENSEE covenants and agrees that it shall not hold LICENSOR or any of its officers, officials, agents or employees responsible for any loss occasioned by fire, theft, rain, windstorm, hail or any other cause whatsoever, whether said cause be the direct, indirect or merely a contributing factor in producing the loss, including to any personal property that may be stored on the Licensed Premises, whether caused in whole or in part by the negligence of LICENSOR or its officials, officers, agents or employees; and LICENSEE agrees all personal property is to be stored at LICENSEE'S risk.

IX. CONDEMNATION

Section 9.01 TOTAL TAKING. If, after the commencement date, the Licensed Premises shall be taken in its entirety by right of eminent domain for any public or quasipublic use, then, when possession shall be taken thereunder by the condemner, or LICENSEE is deprived of its practical use of the Licensed Premises and other improvements, whichever date is earlier, this License and all rights of LICENSOR and LICENSEE hereunder shall terminate and any obligations required of LICENSEE shall be immediately satisfied by LICENSEE to LICENSOR through the date of taking.

Section 9.02 PARTIAL TAKING. In the event of a partial taking of any part of the Licensed Premises as a result of which the remaining portion of the Licensed Premises cannot be restored to an economically operable facility of a comparable kind and quality to the facility existing prior to the taking, then this License, at LICENSEE's option, shall terminate as of the time when possession of the Licensed Premises shall be taken by the condemner or LICENSEE is deprived of its practical use thereof, whichever date is earlier. If the Licensed Premises can be restored to an economically operable facility of comparable kind and quality to the facility existing prior to the taking, then this License shall not be affected and LICENSEE shall retain the remaining portion thereof.

Section 9.03 EMINENT DOMAIN AWARD. If there is a taking by right of eminent domain, the rights and obligations of LICENSOR and LICENSEE with reference to the award and the distribution thereof shall be allocated between LICENSOR and LICENSEE on the following basis:

(a) All proceeds, whether attributable to the Licensed Premises or LICENSEE's interest shall be allocated first to the expenses incurred by LICENSOR or LICENSEE in connection with defending the proceedings, then to costs of repair, alteration, renovation or improvement to the Licensed Premises, with the balance to be allocated pursuant to subparagraph (b) below.

(b) The balance of any award for partial taking and the award for a taking of the Licensed Premises in its entirety shall be first allocated to LICENSEE in an amount equal to costs incurred in connection with the construction of the Improvements contemplated hereby, costs of the equipment and operating systems installed in the Improvements, and relocation costs.

(c) The balance of any award shall be paid to and retained by LICENSOR.

X. DEFAULT

Section 10.01 EVENTS OF DEFAULT. The following events shall be deemed to be events of default by LICENSEE under this License:

(a) LICENSEE shall fail to pay any monetary consideration when due, and such failure shall continue for a period of fifteen (15) days after notice of such delinquency is delivered to LICENSEE.

(b) LICENSEE shall fail to maintain its non-profit status under applicable IRS rules and federal law.

(c) LICENSEE shall fail to comply with any term, provision, clause, sentence, covenant or any other item of this License, other than the payment of consideration as described above, and shall not cure such failure within thirty (30) days after written notice thereof to LICENSEE.

(d) LICENSEE shall cease using the Licensed Premises for the purposes intended by this License for a period of ninety (90) days or more,

(e) It is recognized that if LICENSEE is adjudged a bankrupt or makes a general assignment for the benefit of creditors, or if a receiver is appointed for the benefit of its creditors, or if a receiver is appointed on account of its insolvency, such could impair or frustrate LICENSEE's performance of this License. Accordingly, it is agreed that upon the occurrence of any such event, LICENSOR shall be entitled to request of LICENSEE or its successor in interest adequate assurance of future performance in accordance with the terms and conditions hereof. Failure to comply with such request within ten (10) days of delivery of the request shall entitle LICENSOR to terminate this License and to the accompanying rights set forth below.

Section 10.02 REMEDIES. Upon the occurrence of any event of default specified above, and in addition to any other remedies LICENSOR may be entitled to at law or in equity, LICENSOR shall have the option to pursue any one or more of the following remedies without any notice or demand whatsoever:

(a) Terminate this License in which event LICENSEE shall immediately surrender the Licensed Premises and Improvements to LICENSOR; and if LICENSEE fails to do so, LICENSOR may, without prejudice to any other remedy which it may have for possession, enter upon and take possession and expel or remove LICENSEE and any other person who may be occupying said Licensed Premises or any part thereof, by force if necessary, without being liable for prosecution or any claim of damages therefore; and LICENSEE agrees to pay to LICENSOR on demand the amount of all loss and damages which LICENSOR may suffer by reason of such termination, whether through inability to relet the Licensed Premises on satisfactory terms or otherwise.

(b) Enter upon and take possession of the Licensed Premises and Improvements and expel or remove LICENSEE and any other person who may be occupying the Licensed Premises

or any part thereof, by force if necessary, without being liable for prosecution or any claim of damages therefore.

(c) Enter upon the Licensed Premises and Improvements without being liable for prosecution or any claim of damages therefore and do whatever LICENSEE is obligated to do under the terms of this License; and LICENSEE agrees to reimburse LICENSOR on demand for any expenses which LICENSOR may incur for performing, this effecting compliance with LICENSEE's obligations under this License; and LICENSEE further agrees that LICENSOR shall not be liable for any damages resulting to LICENSEE from such action.

Section 10.03 ELECTION TO TERMINATE. No reentry or taking possession of the Licensed Premises by LICENSOR shall be construed as an election on its part to terminate this License, unless a written notice of such intention shall be given to LICENSEE. Notwithstanding any re-entry or taking possession, LICENSOR may at any time thereafter elect to terminate this License for a previous default. Pursuit of any of the foregoing remedies shall not preclude pursuit of any of the other remedies herein provided or any other remedies provided by law, nor shall the pursuit of any remedy herein provided constitute a forfeiture or waiver of any obligations due to LICENSOR hereunder or of any damages accruing to LICENSOR by reason of the violation of any of the terms, provisions and covenants herein contained. LICENSOR's acceptance of payments following an event of default hereunder shall not be construed as LICENSOR's waiver of such event of default. No waiver by LICENSOR or any violation or breach of any of the terms, provisions and covenants herein contained shall be deemed or constitute a waiver of any other violation or breach of any of the terms, provisions and covenants herein contained. Forbearance by LICENSOR to enforce one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of such default. The loss or damage that LICENSOR may suffer by reason of termination of this License shall include the expense of repossession and any repairs or remodeling undertaken following repossession. Should LICENSOR at any time terminate this License for any default, in addition to any other remedy LICENSOR may have, LICENSOR may recover from LICENSEE all damages LICENSOR may incur by reason of such default, including cost of recovering the Licensed Premises and reasonable attorney's fees expended by reason of default.

XI. SURRENDER

Section 11.01 SURRENDER. In the event that this License is terminated in accordance with its terms, upon such termination, LICENSEE shall vacate the property no later than the date of termination and shall leave the property in substantially the same condition it was in on the date this License became effective, normal wear and tear excepted.

XII. TAXES AND IMPOSITIONS

Section 12.01 PAYMENTS OF IMPOSITIONS. The parties recognize that the Licensed Premises and Improvements and LICENSEE's use right created pursuant to the provisions of this License are tax exempt, as of the date hereof. To the extent that the tax-exempt status for the Licensed Premises, improvements or use right created hereby are hereafter

withdrawn or changed, LICENSOR and LICENSEE shall be responsible for payment of applicable taxes as follows:

(a) LICENSOR shall be responsible for all taxes attributable to the Licensed Premises exclusive of the LICENSEE's Improvements; and

(b) LICENSEE shall be responsible for taxes attributable to the Improvements owned by LICENSEE and for LICENSEE's use right.

Section 12.02 INDEMNIFICATION. LICENSEE shall indemnify and defend LICENSOR and the Licensed Premises and any improvements now or hereafter located on the Licensed Premises free and harmless from any claims, causes of action, liabilities, losses, damages, expenses, including attorney's fees and costs, resulting from any impositions required by this Article XII to be paid by LICENSEE, and from all interest, penalties, and other sums imposed thereon, and from any sale or other proceeding to enforce collection of any such imposition.

XIII. HOLDING OVER

Section 13.01 HOLDING OVER WITH CONSENT. In the event that LICENSEE holds over and remains in possession of the Licensed Premises with the written consent of the LICENSOR, that holding over shall be deemed to be from month to month only, and upon all of the same terms, covenants and conditions as contained in this License; however LICENSEE shall pay LICENSOR market rent for the use of the Improvements during any such holdover period.

Section 13.02 HOLDING OVER WITHOUT CONSENT. In the event that this LICENSEE holds over and remains in possession of the Licensed Premises without written consent of the LICENSOR, that holding over shall constitute LICENSEE a trespasser.

XIV. NONDISCRIMINATION

Section 14.01 NONDISCRIMINATION. The LICENSOR and LICENSEE, for themselves and their representative do hereby agree that no persons on the grounds of race, age, color, religion, sex, disability, ancestry, national origin, or place of birth shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of the Improvements and the Licensed Premises.

XV. FORCE MAJEURE

Section 15.01 FORCE MAJEURE EVENT. Neither party shall be considered to be in default in performance of any obligation hereunder if failure of performance shall be due to a Force Majeure Event. For the purposes of this License, the term "Force Majeure Event" shall mean any cause beyond the control of the party affected, including, but not limited to, flood, earthquake, storm, fire, lightning, pandemic, war, riot, civil disturbance, labor disturbance (except as excluded herein), sabotage, other "Acts of God," and restraint by court order or public authority, which by exercise of due foresight such party could not reasonably have been expected to avoid, and which

by exercise of due diligence it is unable to overcome. Notwithstanding anything to the contrary, the term Force Majeure Event shall **not** be deemed to include (a) any labor disturbance affecting the LICENSEE to the extent that such labor disturbance involves direct employees of the LICENSEE who are performing work on the Improvements, except for a national strike in the United States, (b) the climate for the geographic area of the Licensed Premises, (c) the occurrence of any manpower or material shortages or (d) any delay, default or failure (direct or indirect) in obtaining materials, or any contractor, subcontractor or worker performing any work on the Improvements or any other delay, default or failure (financial or otherwise) of a contractor, subcontractor, vendor or supplier. LICENSEE shall, however, be relieved of liability for failure of performance if such failure is due to causes arising out of its own acts, omissions or negligence or to removable or remediable causes that it fails to remove or remedy with reasonable dispatch.

Section 15.02 Burden of Proof. In the event that the parties are unable in good faith to agree that a Force Majeure Event has occurred, the burden of proof as to whether a Force Majeure Event has occurred shall be upon the party claiming a Force Majeure Event.

Section 15.03 Excused Performance. If either party is rendered wholly or partially unable to perform its obligations under this Agreement because of a Force Majeure Event, except for the obligation to pay money, that party shall be excused from whatever performance is affected by the Force Majeure Event to the extent so affected; provided that:

(i) The nonperforming party gives the other party prompt notice describing the particulars of the occurrence, including an estimation of its expected duration and probable impact on the performance of such party's obligations hereunder, and continues to furnish timely regular reports with respect thereto during the continuation of the Force Majeure Event;

(ii) The suspension of performance shall be of no greater scope and of no longer duration than is reasonably required by the Force Majeure Event;

(iii) The nonperforming party shall exercise all reasonable efforts to mitigate or limit damages to the other party;

(iv) The nonperforming party shall exercise all reasonable efforts to continue to perform its obligations hereunder and to correct or cure the event or condition excusing performance; and

(v) When the nonperforming party is able to resume performance of its obligations under this Agreement, that party shall give the other party written notice to that effect and shall promptly resume performance hereunder.

Section 15.04 Termination for Force Majeure. Notwithstanding anything contained in this section to the contrary, if either party is rendered unable to perform its obligations hereunder, in whole or in substantial part, because of a Force Majeure Event lasting for a period of ninety (90) consecutive days or one hundred fifty (150) days in the aggregate, either party shall have the option of terminating this License, exercisable by giving thirty (30) days written notice to the other party, at any time after such Force Majeure Event has continued for a period of ninety (90) consecutive days or one hundred fifty (150) days in the aggregate and prior to the performance or resumption of performance by the party claiming a Force Majeure Event. In the event of any termination under this section by the LICENSOR or LICENSEE, LICENSEE shall, at the election of

LICENSOR, vacate the Licensed Premises and either (a) leave all Improvements in place or (b) raze all Improvements from the Property, or those designated to be razed by LICENSOR, and otherwise leave the Licensed Premises in substantially the same condition it was in on the date this License became effective, normal wear and tear excepted.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Letter 5436

Sincerely,

Director, Exempt Organizations
